SCHOOL DISTRICTS GIVE LDP CONSULTING HIGH MARKS

LAMBERTVILLE, N.J. (August 14, 2006) – In July, LDP Consulting Group’s clients were sent a satisfaction survey, and the results illustrate extremely high satisfaction levels.

The survey covered areas such as responsiveness, issue resolution, budget projections, carrier negotiations, and other aspects of the consulting services LDP provides. The final question of the survey asked, “Would you recommend LDP to other school districts?” To that question, 100% of the responses indicated “YES”.

The following is a list of some of LDP’s key services and the percentage of responses that selected the top two box scores of “VERY” or “EXTREMELY” satisfied:

- Accessibility 99%
- Responsiveness 99%
- Budget Projections 97%
- Carrier Negotiations 97%
- Addressing Issues/Concerns 100%
- Overall Satisfaction 99%

“We strive to provide our clients with exceptional service, and the results of the survey are extremely positive. While some would be thrilled, our efforts will remain focused on continual improvement and providing as much added value to our clients as possible.” said Louis E. Della Penna, President of LDP Consulting Group.

“We have been re-investing in our firm and have new services in development that we will be providing to our clients later this year. We have enjoyed tremendous growth over the past few years and remain confident that we are positioned for continued growth as more school districts, municipalities and corporate employers get to know and understand what we provide to our clients is above and beyond a typical insurance broker,” added Della Penna.

About LDP Consulting Group, Inc.

LDP Consulting Group, Inc. is an independently owned and operated benefits consultancy with offices in Lambertville, Shrewsbury and Livingston. Since 1972, LDP has been working with New Jersey Boards of Education and their employee benefit programs and currently represents over 160 New Jersey school districts with over 100,000 members and premium base in excess of \$300 million. LDP’s professional staff collectively has over 235 years of employee benefits experience with a wide array of perspectives including prior business owners, benefits administrators, and insurance carrier executives.
